## GLOBAL MIDDAS GYAN KENDRA

(G.Y.A.N KENDRA- Global Yoga, Ayurveda & Naturopathy Kendra)  
Proposal to set up Multi-therapy Integrated Holistic Medical Centre  
for Academic, Therapeutic, Pharmaceutical & Research in Asian &  
African Traditional Medicinal Practices.

### Concept Plant

COVID-19 attracted the attention of the world towards Ayurveda and other traditional medicines being practiced in India and some of the African countries so much so that W.H.O officially approved the African tribal medicines for treatment of Corona.

India has its own A.Y.U.S.H. Ministry promoting Ayurveda, Yoga, Unani, Sidda and Homeopathy medicinal practise and set up All India Institute of Ayurveda in Delhi and runs Homeopathy colleges and supports Naturopathy Centres.

However, there are large numbers of other medicinal practices available in India, Asian and African countries, other than AYUSH and Indian Association for the Study of Traditional Asian Medicines was formed with its headquarters in Pune. This does not include Acupressure, Acupuncture, Reiki, Hypnosis therapy, Aroma Therapy, Magnetic Therapy, and herbal medicines being followed in China, Tibet, Thailand, Korea, Japan other tribal dominant countries in Africa, etc.

It is felt that there should be one Centre which can cater all types of medicinal practices under one roof. This will her desire to and also help in getting the support of other Asian Countries such as China, Thailand, Korea, Japan, etc to bring in their medicinal practices at Uttarakhand, it is proposed to set up a Multipathy Integrated Holistic Medical Centre with the follows Aims & Objectives:

- i) To study & promote the traditional medicine system followed in Asian & African countries, especially among folks, tribals, etc.
- ii) To promote teaching, research, publication of traditional medicinal system such as Kalaripayatu Chikitsa Prana which treats grievous injuries very successfully and provide excellent massage system to relax the practioners. The same could be utilized in Sports
- iii) To co-ordinate the academic, therapeutic, pharmaceutical and research activities in traditional medicinal system in India, Asian and African countries.
