### **SUMMARY**

In India, drug addiction has reached very alarming levels in the state of Punjab. The data from a cross-sectional study in two of the DDCs in district Gurdaspur and three of the DDCs in district Hoshiarpur revealed that about 26 patients had history of shifting pattern of substance abuse. The reasons cited by the patients were of affordability, the ease of availability, the job place, the locality and the peer groups, in which they were hanging out. Studies also confirm the fact, that tighter control over one drug in India forced some drug users to switch to use other drugs. So, uprooting of this evil from any society needs multipronged strategy comprising of, total supply breakdown of all types of drugs, breaking down the nexus of suppliers and the drug peddlers, support of the family and the community towards addicts, encouraging them to come out in the open for deaddiction, improvisation of the services at DDCs, vocational rehabilitation wherever needed and integration in mainstream of the society with open arms and hearts.

Alcoholism, gambling, chain-smoking, and excessive use of other substances can be different types of addiction.

Addiction is a disorder that compels a human to depend on the substance they are addicted to. De addiction centers in Hoshiarpur treat patients suffering from clinical addiction through different treatment methods and medicines.

## MEDIA REPORTS

### युवा वर्ग को नशों के खिलाफ जागरूक करेगा कार्मल यूथ क्लब

#### कार्मलाइट सोशल सर्विस ने युवा वर्ग के हित में की स्थापना

होशियारपुर, 21 अक्टूबर (बैन): कार्मलाइट सोशल सर्विस क्लबों की तरफ से हायरिक्लर फादर इब्राहिम के योग्य मार्गदर्शन में युवा वर्ग को नशों के खिलाफ जागरूक करने तथा उनका अज्ञान सामाजिक कार्यों की तरफ लगाने के लिए कार्मल यूथ क्लब की स्थापना की गई है।

ने.सो.टी. मिल परिसर पोहाल तथा गंज क्लबों में कार्मल यूथ क्लब के सृष्टि स्थापित किए गए हैं।

क्लबों में अयोजित कार्यक्रम में एस.टी. कलेज के प्रो. प्रशांत सेठी तथा नशा छुड़ाओ व पुनर्वास केंद्र की प्रबंधक निशा

युवा वर्ग को सोखना कर रहे हैं। कार्मल यूथ क्लब को समाज सेवा के साथ जोड़ने में अहम भूमिका निभाएंगी। जाकीर फादर इब्राहिम ने संबन्ध डार किए जा रहे हैं साथ मीटूट थे।

कार्यक्रम के मेके गंज पर हायरिक्लर फादर इब्राहिम, प्रो. प्रशांत सेठी, फादर जॉर्ज, फादर एंटी, फादर बॉयस व अन्य शामिल रहे। (जेन)

### जिले में 5857 मरीज है ओ.ओ.ए.टी क्लीनिकों में रजिस्टर्ड

**लोगो को जगलुक करते हुए सेंटर की टीम।**

होशियारपुर, 30 जून (नरेन्द्र काण्ठ था कि इस सेंटरों में मरीजों मोहन शर्मा): मिशन फ्लेह के अंतर्गत कोरोना वायरस के खिलाफ जंग में जिले के ओ.ओ.ए.टी. क्लीनिक व नशा छुड़ाओ केंद्र महत्वपूर्ण भूमिका निभा रहे हैं। कोविड-19 के चलते लॉकडाउन में भी मरीजों के इलाज के लिए उनकी काउंसलिंग कर के दवाईयां मुहैया कार्य जारी रहा। यही

**नशा छुड़ाओ केन्द्र व ओ.ओ.ए.टी. क्लीनिक ने किया प्रशंसनीय कार्य : डिप्टी कमिश्नर**

काउंसलिंग व दवाईयां उपलब्ध करवाने के लिए नशा छुड़ाओ केंद्रों ने जो कार्य किया है वह प्रशंसनीय है। डिप्टी कमिश्नर श्रीमती अपनीत रियात ने बताया कि जिले में दो

नशा छुड़ाओ केंद्रों, एक पुनर्वास केंद्र के अलावा 17 ओ.ओ.ए.टी क्लीनिक हैं, जिनमें एक क्लीनिक केंद्रीय जेल में भी चलाई जा रही है। उन्होंने बताया कि इन ओ.ओ.ए.टी सेंटरों में अभी तक 5853 मरीजों की रजिस्ट्रेशन हो चुकी है। उन्होंने कहा कि कोविड-19 के दौरान मरीजों की सुविधा व सावधानी अपनाते हुए ओ.ओ.ए.टी क्लीनिक की ओर से करीब 4 हजार मरीजों को होम डोज की सुविधा भी दी गई, जिसमें मरीज को 4 से 5 दिन की दवाई एक बार आने पर दे दी जाती थी। उन्होंने कहा कि इस दौरान मरीजों को मास्क पहनने, सामाजिक दूरी बनाने व समय-समय पर हाथ धोने व सैनेटाइज करने जैसी सावधानियां अपनाते के बारे में भी बताया जाता रहा और यह सिलसिला अभी भी जारी है। उन्होंने कहा कि इस बन्देही भरपूर रजिस्ट्रेशन प्रशंसा की

### नशा छुड़ाओ व पुनर्वास केंद्र ने दी कपिल को नई जिंदगी

**कपिल ने नौजवानों से कहा, नशे की आदत के बाद रह जाता है विध्वंस पछतावा**

होशियारपुर, 19 जून (निराल): डिप्टी कमिश्नर ईशा कालिया ने बताया कि नशे के खिलाफ जंग जा रहे प्रशासकों के अंतर्गत जिला प्रशासन की ओर से यह सहाय नशा विरोधी सहाय के तौर पर मनाया जा रहा है। उन्होंने कहा कि सरकार के नशे के खिलाफ छेड़ें अभियान ने कई नौजवानों को नई दिशा दी है। इसी अभियान के अंतर्गत होशियारपुर के एक मांव के 29 वर्षीय नौजवान ने नशे को हमसा के लिए छोड़ कर नई जिंदगी की शुरुआत की है। उन्होंने बताया कि जिले में अलग-अलग स्थानों पर खुले ओ.ओ.ए.टी. क्लीनिक, नशा छुड़ाओ एवं पुनर्वास केंद्र में मरीजों को भेजा जा रहा है ताकि

**नशा छुड़ाओ केंद्र का बाहरी दृश्य।**

वे नशा छोड़ आम जिंदगी ज्योत कर सके। नशा छुड़ाओ व पुनर्वास केंद्र से इलाज कराया कर नशा छोड़ चुका 29 वर्षीय कपिल (करुणिक नाम) ने 22 वर्ष की आयु में पहली बार नशा किया था। उस समय वह नैटवर्किंग का बिजनेस करता था और 25 हजार रुपये महीना कमा लेता था। दोस्तों के साथ शोक के तौर पर कपिल ने उसे अपना गुलाम

बना लिया और रोजाना आठ इंजेक्शन नशे के लेने लग पड़ा। रोज के नशे का उसका खर्च 4 हजार रुपये तक आने लगा और वह सिलसिला तब तक चला जब तक चला। कपिल की अब सारी कमाई नशे में खर्च हो गई, काम में मन लाने से घिरे-घिरे कमाई भी बंद होने लगी। अक्टूबर 2015 में कपिल ने नशा छोड़ा व पुनर्वास केंद्र होशियारपुर में दाखिला ले लिया और संस्था में वह तत्काल एक महीना दाखिल रहा। बाह्य दाखिल रहने के बाद कपिल की नशे की लत खत्म हो गई और वह विदेश चला गया। मार्च 2018 में वह विदेश से वापस आ गया और वहां पर नौकरी शुरू कर दी। अब कपिल पूरी तरह से नशा छोड़ चुका है। नौजवानों को अपील करते कपिल ने कहा कि नशे को आदत पड़ने के बाद सिर्फ पछतावा ही रह जाता है, इस लिए नशे से दूर रहने में ही भरपूर है।

### TREATING ADDICTION

- **Admission:** The patient has to be admitted at de addiction centre to examine their condition and then start suitable treatment. Often the patient is admitted by a family or through reference. Our sources of referrals: School, Colleges, Relatives and friends, religious leaders, political leaders, hospitals, doctors, police, govt agencies, direct contact ,awareness camps etc.
- **Assessment:** A number of clinical tests and assessments are then conducted on the patient to understand their addiction level. This is an important step as based on the result of examination and assessment the de addiction centers are able to decide on a suitable treatment.
- **Detox:** This is the process where the patient is detoxified by keeping them away from their addicted substance or habit. Detox is practiced with help of medicines and habit change. Medically supervised detox is often recommended over self-detox.
- **Inpatient care:** People who are addicted beyond control often need inpatient care. In this, the patient resides at the de addiction facility to undergo planned treatment under the professional supervision for faster and better results.

A systematic procedure for treating clinically addicted patients. The following are the steps taken by de-addiction centre for treating addicted patients.

- **Intensive outpatient program:** IOP or intensive outpatient program is a support group community where the patient needs to stay for a designated period after completion of treatment. This is done to ensure the patients isn't addicted again once they discharge.
- **Life after treatment:** It can get difficult for a patient to get back to normal life after undergoing regular scheduled treatment to sobriety. There is a proper planned structure for patients in order to support their life after treatment. The patient might need support groups and medical assistance even after completion of the de addiction course and the same is taken care.
- **Release:** Once the treatment is successfully implemented and completed with desired results. The patient is released to go back home. However, shifting back home doesn't mean the treatment is completed it only means the patient is now stable and sober without professional guidance at all time. These patients may need to step in at de addiction periodically for check-ups, counselling, support groups, etc.
- **Referral:** In case the patient requires additional treatments or they are referred to other facilities at the request of family members.
